Dear Sir,

ROAD DRAINAGE SOUTH MISSION AND WONGALING BEACHES

It was noted at the Association meeting of 3 June 2007, Cr Barry Barnes advised the problem of flooding on Kennedy Esplanade and Banfield Parade under normal rainfall situations was in the hands of your Chief Engineer for resolution, but no time scale was offered for action.

The meeting resolved to bring to your attention the potentially dangerous situation of water hazard on the corner of Dickinson Rd and Banfield Parade and seek your Council's undertaking that immediate action will be taken to resolve the situation.

Your early advice on the action and timescale to resolve these issues will be appreciated.

Yours Faithfully
